

IMPORTANT: FIREFIGHTER TEST PREPARATION VIDEO

The test developer, Industrial/Organizational Solutions, Inc. has developed a detailed orientation for your viewing in order to prepare you for taking the National Firefighter Selection Inventory™ (NFSI™) Exam. The following are instructions about accessing materials necessary for viewing the NFSI™ Test Preparation video. Please note, this orientation is highly recommended and developed for your benefit. You will need access to Internet Explorer (Firefox, Google Chrome, Mozilla, etc. will not work), as well as access to a printer.

Access to the NFSI™ Practice Test and Orientation will only be available until Wednesday, January 4th, 2012. You will not have access to this material starting Thursday, January 5th, 2012.

Step 1: Using a computer, open your Internet Explorer web browser and type in or copy the following link:

<http://orientations.iosolutions.org/?COID=1>

(This link will take you to the I/O Solutions, Inc. website where further instruction will be provided.)

Step 2: Once you are on the webpage, enter the necessary information to access the orientation. You will need to enter

Omaha FD1240 as the password. Once you click “Submit” a separate page will open where you will be given information on printing your NFSI™ Practice Test.

Step 3: With a printed copy of the NFSI™ Practice Test and pen/pencil, you are now ready to access the NFSI™ Test Preparation video. To do so, return to the main page and follow the instructions on accessing the orientation. The orientation will last approximately 60 minutes.

Step 4: The proctor that is delivering this orientation will provide NFSI™ Practice Test Answers during the orientation. However, if you wish to print a separate copy of the NFSI™ Practice Test Answer Key, a third link is available on the I/O Solutions, Inc. website.

Please contact I/O Solutions, Inc. with any questions concerning difficulty accessing this information at (888) 784-1290.

Thank you and Good Luck!

I/O Solutions, Inc. & the City of Omaha
